

Prism Padel

COMPANY PROFILE

Carbon Padel Club (11 Court Club, Manchester, England)

Prism Padel

WHO WE ARE

Prism Padel is a turnkey padel court supplier and builder, founded in Asia & Europe in 2021 by club owners and players. We take projects from first concept to fully operational club — court supply, foundations and construction, installation, and the support that follows — and we stay involved long after opening day.

Our courts stand in private estates, luxury resorts and the largest commercial clubs in their markets, across four continents. Every project is designed around the client's vision, delivered to international standards and built to last.

HOW WE WORK

1

ENQUIRY & SITE REVIEW

A conversation about your vision, followed by a site and feasibility review — space, ground conditions, access and budget.

2

CONCEPT & QUOTATION

Court layout and specification tailored to your site, with a transparent, itemised quotation. You know exactly what you are buying.

3

PRODUCTION & LOGISTICS

Your courts are manufactured to specification and quality-checked, then shipped and cleared to site — fully managed by Prism Padel.

4

CONSTRUCTION & INSTALLATION

Groundwork, foundations and court installation carried out by our own experienced crews, alongside trusted local construction partners.

5

HANDOVER & AFTERCARE

Final inspection and handover of a ready-to-play facility — with rectification visits and ongoing support as your club grows.

Typical timeline from signed agreement to first serve: 3–5 months, depending on site, scope and shipping route.

Prism Padel

OUR SERVICES

01 CONCEPT DEVELOPMENT

CLUB DESIGN · FEASIBILITY & LAYOUT · COURT SPECIFICATION

We design clubs from idea to reality — concept, layout and specification shaped around your vision. Every court is fully customisable, from colours to technical specs, tailored to each client's wants and needs.

02 COURT SUPPLY

LOGISTICS MANAGEMENT · INSTALLATION

Premium courts manufactured to specification and delivered door to door — shipping and customs fully managed, with installation by our own crews.

03 CONSTRUCTION

GROUNDWORK · FOUNDATIONS · ROOF STRUCTURES · CLUB HOUSES · AMENITIES

Full site construction for turnkey projects, from concrete slabs to steel roofing, carried out with our trusted construction partners.

04 OPERATE & GROW

CLUB MANAGEMENT · RECTIFICATION VISITS · GROW YOUR CLUB

Support that continues after opening day: operations guidance, maintenance visits and proven strategies to build a thriving playing community.

OUR TEAM

Behind every Prism Padel court is a crew that has built dozens before it. Our two in-house teams work as one — sharing methods, standards and lessons from every site.

INTERNATIONAL TEAM

Our international installation crew travels wherever the next project is — from indoor clubs in the UK and Ireland to resorts across Asia and Africa. Specialists in court assembly, glass and turf, they have installed more than a hundred courts together and bring the same standard to every site, in any country.

THAI TEAM

Based on Koh Samui, our Thai team handles projects across Thailand — from the southern islands to the far north — covering everything from commercial courts at hotels and resorts to full-scale padel clubs. Specialists in court installation and finishing, they bring the same precision and care to every site, and the warmth of Thai hospitality to every client they build for.

OUR CLIENTS TESTIMONIALS

"Professional, trustworthy, always available with helpful advice – we are very happy with Prism Padel and team for the seamless process of purchasing and installation of our two Padel Courts for our exclusive estate in Bintan, Indonesia. The attention to detail, proficiency, and flexibility are what set Prism Padel apart, they are always a phone call away when advice is required from the original enquiry up until today, 12 months after installation. I highly recommend their products and services for anyone seeking a professional organization with passion and integrity."

Greg Williams
General Manager, The Sanchaya, Indonesia

"It has been an absolute pleasure dealing with Prism Padel and Felix, from purchasing padel merchandise to padel courts, he does whatever it takes to attend to every detail to ensure the process is smooth with active updates. I have never met a more transparent person who puts the interest of his customer before all else, at times at his own expense. I also respect the fact that any advice he shares comes from first hand experience which is helpful to say the least, and knowing his work ethics, I trust what he says and can always depend on him to deliver."

Sebastian Kang
Co-Founder & Co-Owner, Singpadel

Felix and his

"Working with Felix and his team was a seamless experience from start to finish. Their expertise and attention to detail in building our padel courts impressed us and their customer support. The team guided us through each step of the process, from design and material selection to the final installation. We've had nothing but positive feedback from players, and our facility stands out as a top destination for padel enthusiasts across N.Ireland and Ireland. We couldn't be happier with the results!"

Andy Roberts
Co-Founder & Co-Owner, Padel 54 Degrees North, N. Ireland

"Choosing the right company to install our padel courts was one of the biggest decisions we made when developing Pickup Padel, and from day one Prism Padel proved we had made the right choice. Their knowledge, experience and honest advice were invaluable throughout the project. They took the time to understand what we wanted to achieve, guided us through every stage of the process, and were always available to answer questions and offer support. The professionalism of everyone involved was outstanding, and the quality of the finished courts speaks for itself. I would have absolutely no hesitation in recommending Prism Padel to anyone looking to build padel courts."

Derick Wilson
Co-Founder & Co-Owner, Pickup Padel

OUR CLIENTS TESTIMONIALS

"Huge shout out to Prism Padel and Felix for supplying us with 3 beautiful courts. Super efficient to deal with, replies instantly even after works have been completed, and no issue was too big or small to solve. Highly recommend to anyone in the Padel business or soon to be!"

Shane Marshall
Co-Founder & Co-Owner, The Cage Padel Tribe

"Prism Padel has supported our club in more ways than one. Their knowledge in club management as well as court maintenance, court supply, and of course project management. We always highly recommend Prism Padel to anyone who's looking to open up a Padel Club in Thailand and overseas. The track record Prism Padel has speaks for itself, and we couldn't be happier to have them as ongoing partners at Padel Phuket @ Blue Tree."

Daniel Persson
Founder & Owner, Padel Phuket @ Blue Tree, Thailand

"A bespoke, elevated padel court was a world first, with issues of noise, rigidity and aesthetics to resolve in a suburban conservation area. Prism Padel worked with us to develop bespoke manufacturing elements within the strict confines of our location – no expensive redesign or reinvention, just a practical, common sense approach and a can-do attitude to just 'make it work'. We could not recommend Prism Padel highly enough for their constant, speedy, knowledgeable and engaging service from start to finish."

Ronan O'Kane
Chairperson, Windsor Lawn Tennis Club, Belfast

"Felix and the team are truly the best in the game! Everything they do is smooth, fast and zero hassle. The guys were so helpful and understood our individual needs. We now have a happy padel community thanks to the amazing work of these guys. Thank you again."

Paul Dixon
Co-Owner, Skill School HQ, Northern Ireland
